Mayor Dunne Makes Effort to Induce Employers to Agree to Arbitration, but Does Not Succeed-Police and Strikers Clash

Chicago, April 12-An effort made today by Mayor Edward F. Dunne to have the controversy between Montgomery Ward & Co. and their striking employer submitted to arbitration was unsuc and the indications to-night are that the struggle will be continued until one or the other of the opposing elements offers

to compromise the difficulty. Upon the solicitation of Mayor Dunne, the Executive Committee of the Chicago Employers' Association, the organization which is taking the leading part in the fight against the striking teamsters, visited the City Hall this afternoon and was urged by the Mayor to agree to a settle-

urged by the Mayor to agree to a settlement of the strike by arbitration.

Mayor bunne offered to act as mediator, but the proposition was declined by the committee. The committee explained to the Mayor that the teamsters had broken their agreement with Montgomery Ward & Co. by ordering the sympathetic strike, in order to bring about a settlement of the garment workers' difficulties, and that therefore, there was nothing which could be done towards a settlement of the trouble by mediation.

Earlier in the day the employers and the labor lenders were in conference, trying to agree upon some basts of a settlement. The employers offered to arbitrate the teamster's strike alone, but not that of the garment workers. The teamsters declared this would be utterly impossible, and the negotiations were declared off.

possible, and the negotiations were de-clared off.

There were several clashes to-day be-tween the police and strike sympathizers, who blocked the streets and harrassed the nonunion teamsters, who have taken the places of the atrikers.

No one was seriously hurt, however, and to-night Montgemery, Ward & Co. de-clared that they had been more success-ful to-day in making deliveries than at any time since the strike began.
